Permanent Address: Kanth Road PaigamaberPur Sukhwasilal, Dist – Moradabad, PIN – 244501

SUMMARY

I'm a Data Science student who enjoys working with data, solving problems, and building machine learning projects. I have experience with tools like Python, Pandas, and ML algorithms, and I've worked on projects that improved model performance. I'm eager to learn more and start my career where I can gain real experience and grow.

EDUCATION

Teethanker Mahaveer University — Moradabad
Bachelor of Technology- Data Science — Uttar Pradesh, India
YGPA **- 8.5** — June 2023-August 2027

SKILLS

- **Languages:** Python, R, SQL.
- **Framework:** TensorFlow, PyTorch, XGBoost.
- **Libraries:** NumPy, Pandas, Scikit-learn, Matplotlib, Seaborn, Tableau.
- **Tools:** GittHub, VS Code, Jupyter Notebook, Docker, Power BI, Excel.
- **SoftSkills:** Problem Solving, Analytical Thinking, Communication, Teamwork.

WORK EXPERIENCE

Data Science Intern | Codec Technologies India — **Aug 2025 - Oct 2025**
- Implemented data-driven healthcare analysis solutions
- Built predictive models for medical diagnosis with 85% accuracy

Data Analyst intern | Future intern Pvt Ltd — **June 2025 - Aug 2025**
- Performed data analysis using Pandas and NumPy
- Developed Python scripts for data cleaning and preprocessing

PROJECTS

Revive – ML-Based Disease Prediction Web App : codexshami/Revive — **Jan 2026-Mar 2026**
- Improve Diagnosis accuracy from 72% → 85% using XGBoost, Redusing error by 18%.
- **Tech Stack:** Python, Flask, Bootstrap, Machine Learning, XGBoost, GitHub.

HamOrSpam-Classifier : codexshami/HamOrSpam-Classifier — **May 2025-Aug 2025**
- Email protection system that accurately classifies spam messages with 98%+ accuracy.
- **Tech Stack:** TF-IDF Vectorization, SMOTE Balancing, NLP, Logistic Regression.

FarmAIQ – Smart Agriculture Recommendation System: codexshami/FarmAIQ — **Dec 2025**
- Developed an end-to-end ML solution that transforms raw agricultural data into intelligent crop recommendations, fertilizer insights, and early disease detection.
- **Teck Stack**: Python , Random Forest, CNN, Streamlit, ML, Kaggle.

ACHIEVEMENTS

- Secured 1st rank in class for academic excellence.
- Selected in college-level round of SIH and advanced to next stage.

CERTIFICATES

- Problem farming and Data Analysis Planning, Getting Started with Data**:** **IBM (2026**)
- Deep Learning , Machine Learning using Python **:** **Simplilearn(2025)**
- Python, SQL, Problem Solving **:** **HackerRank(2025)**
- Advanced Data Analysis (Excel & Power BI) **:** **ITM EdTech (2025**)
